UNIVERSITY OF MORATUWA

LANDSCAPE UNIT

ROYAL BOTANICAL GARDEN - PERADENIYA

Content

1. Introduction
2. Aim of the project
3. Current geography of the school
4. Concept of the project
5. Design Part

1. Introduction

- Kingswood College is a historic boys' school located in **Kandy, Sri Lanka**, founded in **1891** by **Louis Edmund Blaze**. The school has grown from **11 students** to over **3,500 students** today, supported by more than **300 staff members**.
- The campus at **Randles Hill** reflects strong traditions, discipline, and academic excellence, making landscape quality an essential part of its identity.

Identity & Values

Kingswood students are known as "**Kingswood Gentlemen**", representing:

- Discipline
- Respect
- Leadership
- Service to the nation

The landscape must **reflect these values**, preserve tradition, and create an inspiring environment for future generations

2. Aim of the project

To enhance the landscape character of Kingswood College while preserving its historic identity and values.

The proposal focuses on:

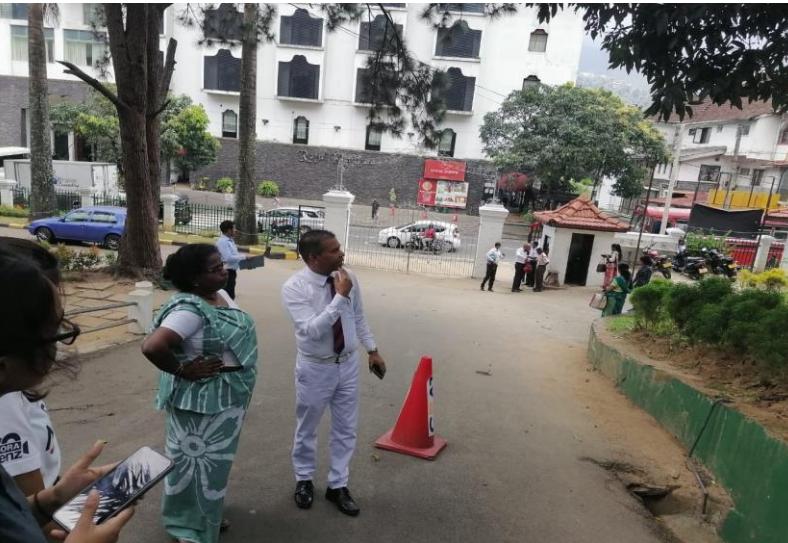

- Improving visual quality
- Strengthening institutional pride
- Creating meaningful outdoor spaces
- Enhancing ecological value

Objectives

- Improve the **aesthetic quality** of the school frontage
- Reduce **urban monotony** through greenery
- Introduce **educational planting** for students
- Enhance **circulation and visibility**

3. Current geography of the school

- Near the Entrance

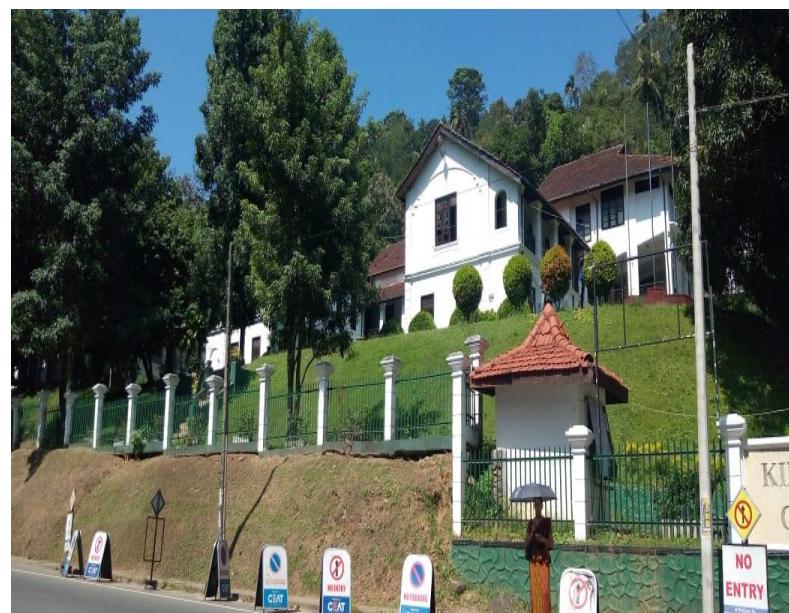

- **Palm Avenue**

- Front Of The Principle Office Entrance

- **Left Corner Of The Main Entrance**

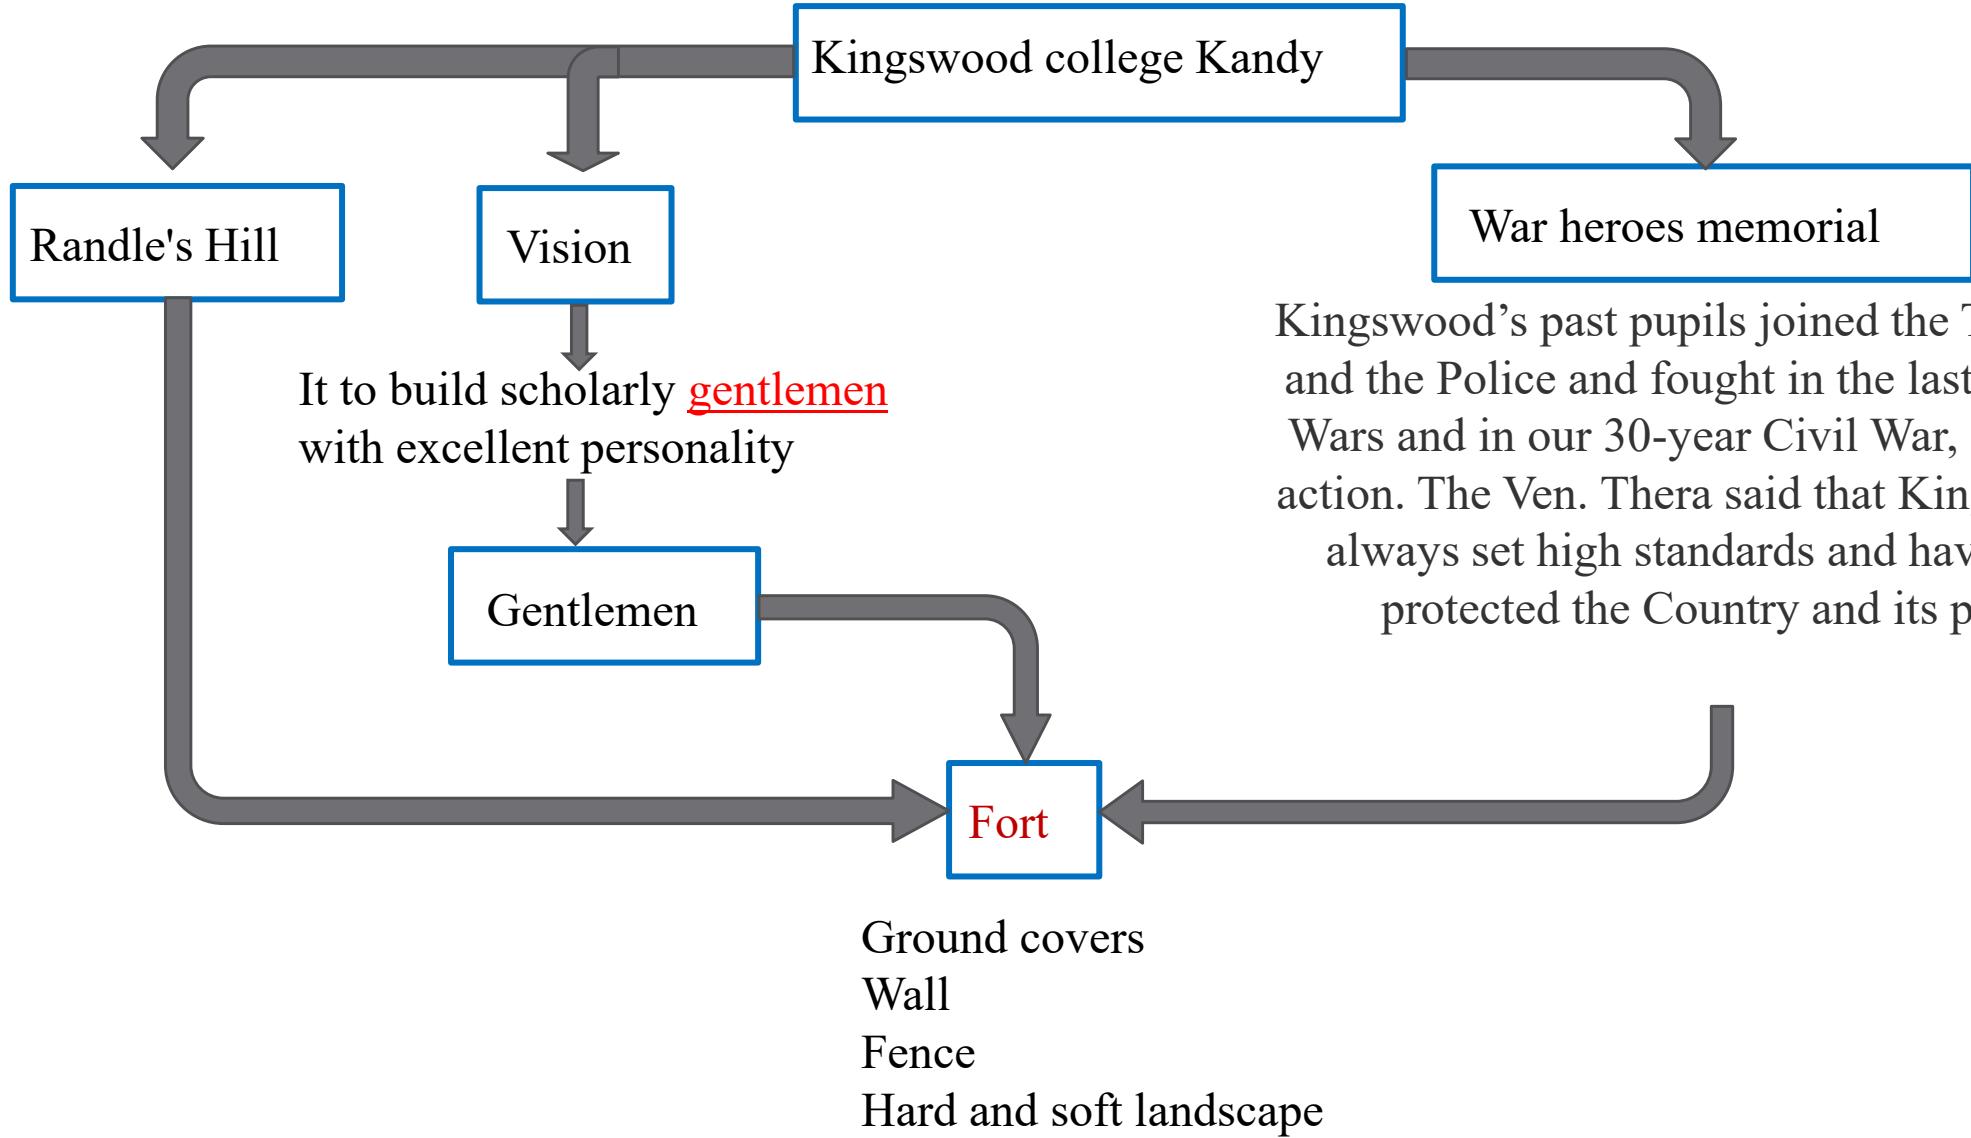

- Front Of The Principle Office

- Principle office middle yard

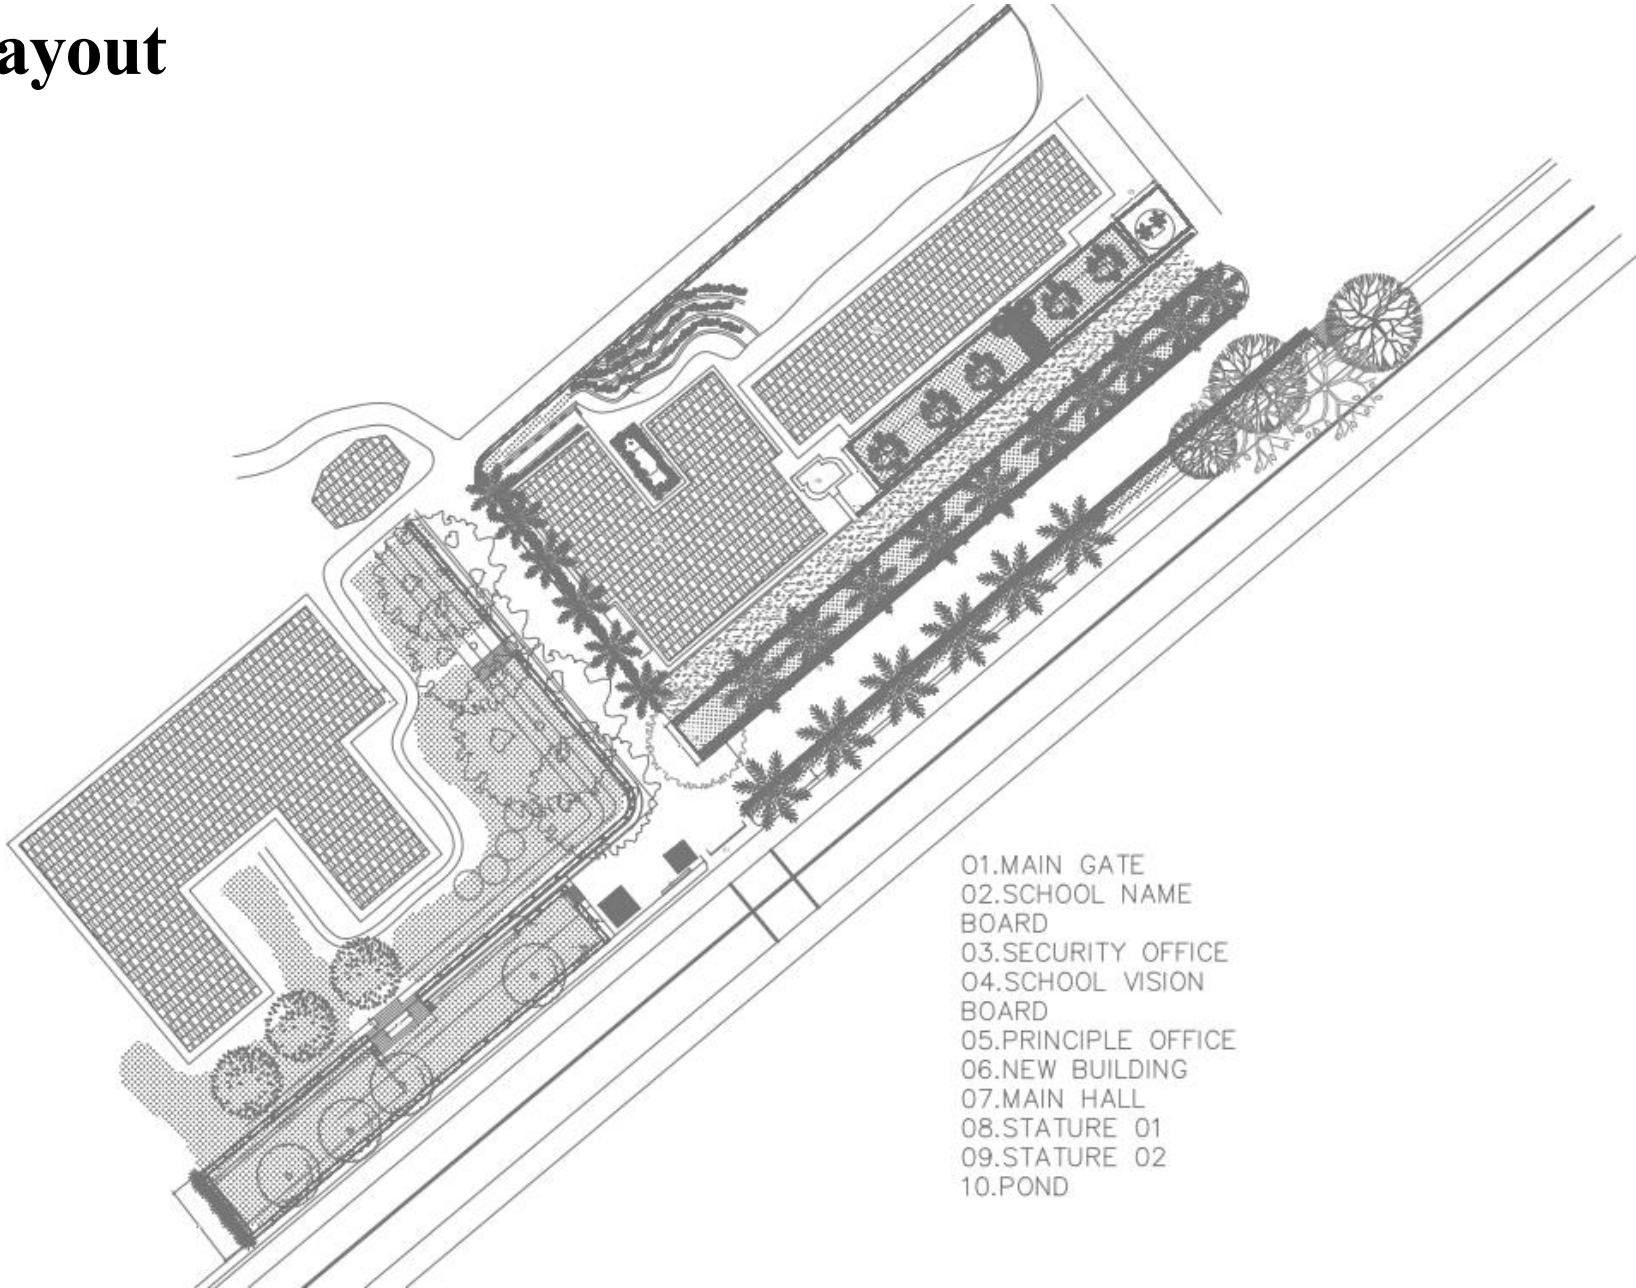

4. Concept of the project

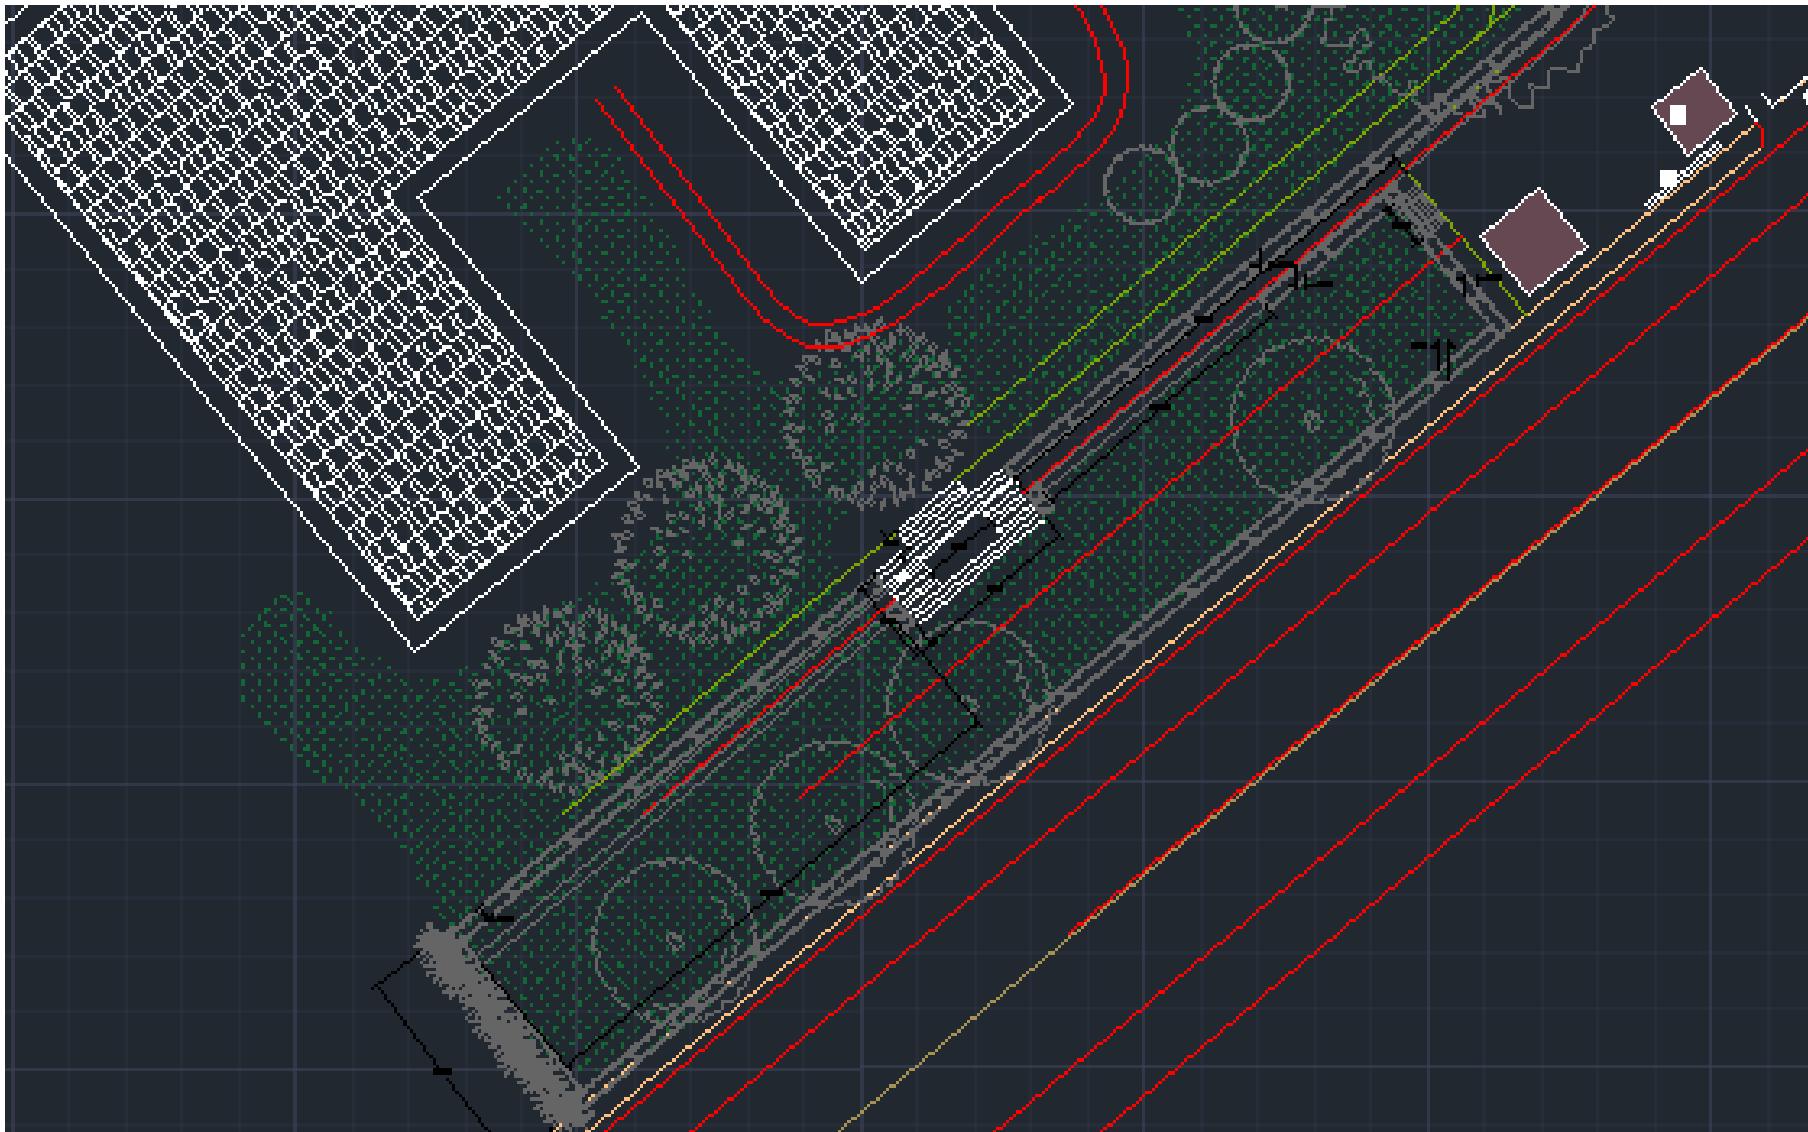

Kingswood's past pupils joined the Tri-Services and the Police and fought in the last two World Wars and in our 30-year Civil War, and died in action. The Ven. Thera said that Kingswood has always set high standards and have always protected the Country and its people.
